PROPOSED VOTING RIGHTS AND LISTING AMENDMENTS

The company has announced its intention to grant voting rights for the election of directors and to apply for admission to the premium segment of the London Stock Exchange

Change to Voting Structure

- Class A Shareholders would have the right to vote on all resolutions proposed at general meetings of the Company, including election of Directors
- Voting mechanics allow the company to fully enfranchise its Class A shareholders while addressing the company's obligations under U.S. law
 - Class B Shares would carry voting rights for the election of Directors only if US resident ownership exceeds 35 per cent
 - No forced sale provisions for US shareholders

Changes to Listing Arrangements

- Transition from the Specialist Fund Segment to the Premium Segment of the London Stock Exchange
- The Company's market quote on the London Stock Exchange would be redenominated into Sterling
- Targeting Eligibility for inclusion in the FTSE UK Index Series
- The Class A Shares would continue to also be traded on Euronext Amsterdam but would cease trading on the Specialist Fund Segment

A general meeting of the Class A Shareholders will be held at 9.00 a.m. on 24 April 2017 in order to consider and vote on these proposals

PROPOSED VOTING RIGHTS AND LISTING AMENDMENTS

Change to Board

- Under the Listing Rules, a majority of the Directors are required to be independent of the Manager
- Christopher Sherwell is deemed not independent with respect to the Listing Rules (he sits on the board of an investment company managed by an affiliate of the Manager)
- Christopher Sherwell would resign as director prior to Admission
- Candidate replacement to be proposed by the Board and approved by the Class B Shareholder

Other Changes

- Amendments to the Articles to reflect the proposed alterations
- Updated Investment Policy (materially consistent with the investment approach which is currently followed by the Company)
- Updated Investment Management Agreement and Partnership Agreement
 - Enhance the Board's powers to supervise the performance by the Manager
 - Management and incentive fees payable to the Manager materially unchanged
 - Fund administration services agreement between the Manager and the current administrator be transferred from the Manager to the Company

PROPOSED VOTING RIGHTS AND LISTING AMENDMENTS

We believe that the proposed changes will provide a number of benefits to NBPE and its shareholders

- Place NBPE at the forefront of good corporate governance practices
- Remove a barrier to investment from a number of institutions, wealth managers and other interested parties who may be reluctant to purchase shares carrying limited voting rights
- Treat all shareholders equitably and not rely on forced sale provisions
- Facilitate NBPE's eligibility for inclusion in the FTSE UK Index Series
- Resulting access to a potentially larger pool of capital is likely to improve liquidity in the Class A Shares

ENDNOTES

1. The diversification analysis by geography, industry and vintage is based on the fair value of underlying fund investments and direct/co-investments; the diversification analysis for company size is based on the fair value of the underlying direct/co-investments and the fair value of funds with a focus on the company size described. Determinations regarding geography, industry, vintage and company size represent the Investment Manager's estimates. Accordingly, the actual diversification of our investment portfolio and the diversification of our investment portfolio on an ongoing basis may vary from the foregoing information. For the NB Alternatives Direct Co-investment Program and the NB Healthcare Credit Investment Program commitments, total exposure only reflects the funded investments to date. Unfunded amounts and unfunded percentages within each of these programs are excluded from the analysis, as capital deployment is opportunistic and cannot be accurately forecast at this time.
2. Guidance regarding NBPE's future portfolio and performance is a target only and not a profit forecast. There can be no assurance that this target will be met or that the Company will make any future distributions whatsoever. Any such changes will be notified to shareholders through a regulatory information service. NBPE's Board of Directors will continue to evaluate the Company's financial position, annual dividend target and the timing of future dividends. Future dividend payments will be announced by NBPE after the Board of Directors have completed such evaluation.
3. Yield to maturities represent the return (IRR) from this reporting period to maturity of the investment. Includes a portfolio of small business loans at an interest rate at least at the rate stated above but not included in the yield calculations. The Taylor Precision Products debt notes currently pay 13% cash, but issuer has the option to pay 11% and 2% PIK.
4. Actual unfunded commitments are \$260.7 million at 28 February 2017, corresponding to actual under commitment of \$0.3 million and an actual commitment coverage ratio of 100.0%. Unfunded adjustments include removing unfunded commitments to funds past their investment period (although some amount may be called for future follow-ons or expenses), and amounts which can be terminated by NBPE if it so chooses.
